» Manufacturing Technical Solutions, Inc. (MTS)

Address:

308 Voyager Way Suite 100, Alabama, United States 35806

Description:

MTS is a Veteran-Owned, small business that was formed in February 2001.

Headquartered in Huntsville, AL, the MTS staff consists of individuals who have provided valuable support to major DoD, NASA, and DOE programs; and to its commercial customers for over 30 years.

The staff has a wealth of experience and unique qualifications that ensure MTS provides quality services and support in the areas of program management, business management solutions, systems acquisition management, manufacturing/industrial engineering, cost management and modeling/simulations.

MTS has provided reliable and responsive support, along with the best return possible for every dollar spent by our government and commercial customers.

MTS is committed to delivering the highest quality services and maintaining long term relationships with all our customers.
